The Biology and Bycatch of the Megamouth Shark in Taiwan

Details TBD

LOCATION: School of Geography Atmosphere Room @ 19:30

Scientific Exploration Society Grants are Now Open!

The Scientific Exploration Society has now opened its [grant applications!](#)

Hillary Term

With Michaelmas Term's focus on grant applications, a common question has been "what will we do in Hillary Term?" Fear not! While we are still filling in the gaps, we have an exciting term card in the works. We will hear from those who have secured grant funding, members who have been on expeditions over the break, as well as those who are currently in the field, and have a variety of research and travel workshops! However, there is always room for more, so if you have an idea or would like to present your work, do let us know!

Call for Book Reviews!

Do you have a good book recommendation concerning exploration or your subject of interest? Let us know! Send a one-paragraph summary of the book and its importance to Michael Murphy at m.w.murphy2015@gmail.com. We will post the review on our social media, other members will know to look it up, and we may even add it to our new and growing OUEC Library!

OUEC Platforms

Finally, please find all of our social media platforms and website below. This is the most up-to-date listing.

Many thanks to all of the members, new and old. We look forward to seeing you next Tuesday!

Michael Murphy, Social Media Secretary

On behalf of...

James Kempton, Chairman
