

[Last updated Trinity Term 2022]

Dear Explorers,

In this document, you'll find a list of grants which support expeditions. This is not exhaustive, and we recommend you also enquire with your College and Department (e.g. travel fund, field work grant). Not all grants may be relevant to every expedition, so search through to see which ones suit your needs the best.

A large number of grants are due in November and/or March every year.

Please do let us know if there are any grants which you are aware of that are not listed here, to make life easier for future expeditioners.

Carla V. Fuenteslópez  
OUEC Chairwoman
